Dear Ms. Santana-Balado:

As Senator representing the District of San Juan, I fully endorse Governor Alejandro García Padilla's "Paseo de Puerta de Tierra" and the Calaf Street-Las Monjas Connector. This tremendous effort will improve the lives of the local residents as well as the infrastructure of our Capital City and of valuable touristic area.

An added bonus to residents and tourist alike will be the new and improved pedestrian and bicycle lane, which will become a new environmentally friendly transportation alternative between two of the busiest and most emblematic sectors of the city of San Juan. As local and state governments in Puerto Rico promote the economic development of the Urban Bay and its surrounding areas, it is of utmost importance that we support efforts such as the "Paseo" in order to secure economic and infrastructure initiatives.

As Chair of the Finance Committee in the Senate, I support this monumental effort and will continue to garner support among my colleagues in the Capitol.

Regards,

JOSÉ R. NADAL POWER
